# YZA BELT

1. Abdominal YZA Belt

It is designed to provide the patient a customized and optimized chair support.

Its system of elastic mounted straps avoids the patient compression phenomena due to the tightening straps.

The YZA Belt is declined under 4 modular versions:

1. the Abdominal YZA Belt
2. the Bust YZA Belt is composed of the Abdominal YZA Belt to which is added a bust modular element
3. the Pelvic YZA Belt is composed of the Abdominal YZA Belt to which is added a pelvic modular element
4. the Integral YZA Belt is composed of the Abdominal YZA Belt to which is added a bust modular element and a pelvic modular element

2. Bust YZA Belt

3. Pelvic YZA Belt

4. Integral YZA Belt
